**4th of July Parade and Celebration**

Join your neighbors for a community parade, ice cream, and other fun activities on July 4th. The parade begins at 9 a.m. (meet in front of the new police station beginning at 8:30 a.m.) with ice cream and activities to follow at the Longacre Pavilion.

**OFFICERS RECEIVE COMMENDATIONS FOR VALOR**

On May 17th, Police Officers John Adamaitis, Ben Brouwer and Jim Hanna received Commendations for Valor at a Police Commission meeting for their actions on February 15th. On that day, The Game Stop in Fox Point was robbed and the suspect fled the scene in a vehicle. The vehicle was spotted by one of the officers and was followed to the end of W. Luebbe Lane in Glendale where the vehicle stopped. The robbery suspect fired upon the officers resulting in an exchange of gunfire. The suspect died in the incident. None of the officers were hurt.

**Speed Trailer Available to Reduce Speeds**

The Fox Point Police Department has a speed trailer which shows the speed of a vehicle and collects data on the speeds of vehicles and volume of traffic. The trailer is an extremely effective tool in reducing speeds of vehicles in problem areas. If you would like more information on the trailer or would like to schedule the trailer to be parked in your neighborhood, please contact Officer Chad Huber at 414-351-8911.

**FOX POINT SUMMER SERENADE CONCERT AUGUST 17th**

Enjoy the island sounds of Cap’n Bob and the Banana Band on Tuesday, August 17th from 6:00-8:00 p.m. at the Longacre Pavilion, 7343 N. Longacre Road. This is a new event being sponsored by the Fox Point Foundation, Inc, and Cornerstone Community Bank with assistance from the Village of Fox Point.

- Bring a picnic supper, chairs, and blankets to this FREE family event (beer and wine are permitted).
- In case of rain, the Summer Serenade will be held indoors in the Stormonth School gymnasium.
- For more information, visit www.foxpointfoundation.org.

**NEW EVENT**

**BICYCLE HELMET CITATION PROGRAM**

The annual Bicycle Helmet Citation Program will begin by the end of May. Children “caught” riding their bicycles safely and wearing a bicycle helmet could be stopped, given a fun “citation” by a Fox Point police officer, and rewarded. Good luck!

**SERGEANT RETIRES AFTER 30 YEARS OF SERVICE**

On May 2nd, Sergeant Paul Moroder retired after thirty years of dedicated service as a Police Officer and Sergeant with the Fox Point Police Department.
DROPOFF OUTDATED AND UNWANTED MEDICATIONS AT THE FOX POINT POLICE DEPARTMENT

In partnership with the Milwaukee Metropolitan Sewage District and Culver’s Restaurants, the Fox Point Police Department collects unused and unwanted medications in an effort to protect our clean water and our children. The program is available to residents only. Prescription and over the counter medications can be dropped off at the Police Station, Monday – Saturday, 8:00 A.M. – 4:00 P.M. Residents dropping off the items will receive a certificate for a free ice cream cone, compliments of Culver’s Restaurants. Certain items are not accepted. Please check the Village web site for more details: www.vil.fox-point.wi.us.

REMINDER TO PET OWNERS

Pet owners are required to collect waste from their pets. Uncollected pet waste is offensive, can be a health hazard, and detracts from the pleasant nature of the Village. Pet waste should not be deposited along the footpaths, on Village property, in parks, or on other people’s property. Also remember that dogs and cats must be kept on leashes at all times when off the premises of the owner.

Fines will be issued for violation of these ordinances.

MAKE SURE YOUR ADDRESS IS VISIBLE FROM THE STREET

In an emergency, seconds count and many times emergency responders are delayed because the address is not visible from the street. The Fox Point Police Department and North Shore Fire Department urge everyone to make sure your address is visible to the responders.

BICYCLE & PEDESTRIAN SAFETY REMINDERS

The number of bicyclists and pedestrians using Village roadways will increase significantly as warmer weather arrives. Local streets are narrow so remember to properly yield the right-of-way when passing and sharing the road. The Fox Point Police Department would like to provide some simple reminders to stay safe while sharing the road:

♦ Bicyclists should obey all the rules of the road just like a vehicle, including riding with traffic and stopping for stop signs.

♦ Pedestrians should always walk against traffic so they can be seen. Carry a small flashlight and try to wear something bright and reflective at night so you can be seen by motorists.

♦ Motorists, be alert for young children as they walk or ride bikes. Be sure to provide a safety avenue between you and them. If there is oncoming traffic, you may have to slow down or stop until you are able to pass by safely.

♦ Bicyclists, have your helmet checked for proper fit and any damage that may require a new helmet, at your favorite bicycle shop.

♦ 50% of all bicycle-related injuries are the result of a rider’s fall from their bike and not a collision with a motor vehicle. Be careful out there this summer and pay attention to your surroundings.

GOING ON VACATION? CALL THE POLICE DEPARTMENT

With summer just around the corner, many people are making vacation plans. Before you leave for vacation, contact the Fox Point Police Department at (414) 351-8914 to let them know your house will be vacant. Officers will drive by each day and if they notice anything out of the ordinary, they will contact a key holder. Please provide the following information to the dispatcher:

* Location of lights on in the home and the times the lights will turn on and off;

* The name and phone number for a key holder; and

* The description of any vehicles in the driveway and the description of any vehicles of individuals who may be checking the home.

Remember to stop your mail and newspaper or have the key holder take them in on a daily basis.
FOX POINT FARMERS’ MARKET

The Fox Point Farmers’ Market will be open from 8 a.m. to 12 noon on Saturdays from June 19 through October 16. Opening day will feature music by the Mambo Surfers from 10 a.m. to noon. Vendors will offer produce, eggs, honey, traditional Mexican bakery and tamales, fresh flowers, pastured beef and more! The Market is located in the west parking lot of Stormonth School, at the Lombardy and Mall Rd. intersection. Additional parking is available in the east parking lot with a convenient path along the north side of the school building. Volunteers are needed and always welcome. Please contact Market Director Mary LaCharite at 352-0555 if interested.

FOX POINT GARDEN CLUB NEWS

The Fox Point Federated Garden Club will be represented at the Garden Information Day at the Fox Point Farmers’ Market on Saturday, June 26th from 8 a.m. until 12 noon to describe their Garden Club activities and answer any questions. The Garden Club maintains the perennial flower mound on N. Santa Monica Blvd. at Green Tree Rd. Other prominent Garden Club activities include the annual Arbor Day celebration and on-going invasive weed education activities. Last year, Garden Club members celebrated the Club’s 60th anniversary. 2009 is the 10th anniversary of the Garden Club’s management and maintenance of the perennial flower mound on N. Santa Monica Blvd. at Green Tree Road.

FOX POINT FOUNDATION UPDATE

Summer is here! As you are planning your summer activities, be sure to include a visit to the Farmers’ Market, 4th of July Parade and Celebration, and Summer Serenade—fun events sponsored by the Fox Point Foundation (details in this newsletter). For the latest information on what is happening with the Fox Point Foundation, visit our website: www.foxpointfoundation.org or contact us at: inquiries@foxpointfoundation.org Address: Fox Point Foundation, 7200 N. Santa Monica Blvd., Fox Point, WI 53217

INDIAN CREEK WOODS STEWARDSHIP GROUP

The Indian Creek Stewardship Group will continue planting native flowers and pulling garlic mustard on Wednesday evenings in the Indian Creek Woods between Spooner and Mohawk Roads. All are cordially invited to join us for as little or as much time as you have available. Please wear long plants and a long-sleeved shirt, and bring gloves and pruning clippers. Contact Judy Shirley (351-2897) or Ann Carter (228-8308) for the exact time, date, and meeting place.

This fall, volunteers will again aggressively attack the remaining buckthorn plants in the woods. We are very encouraged by the results of several years work to eliminate this invasive species. We will meet on four Saturday mornings - October 30, and November 6, 13, and 20 - at 9:00 a.m. at either the Information Board near the Spooner Road parking lot or end of Mohawk Road. Our work coincides with Buckthorn Awareness Month (November) in Fox Point. In November, most native plants turn color and drop their leaves, while buckthorn remains dark green and stands out among the remaining vegetation. Check the Information Board for pictures and information on Buckthorn and Garlic Mustard. Additional information is available at the Village Hall.

WISCONSIN’S NEW E-WASTE LAW

Effective September 1, 2010, residential and business electronics such as computers, monitors, TV and other video display devices, fax machines, DVD and VCR players, printers, and cell phones will be banned from landfills and incineration. Manufacturers are now responsible for collecting and recycling those electronics from households and schools. Computers, computer accessories, televisions, cell phones, and other electronics contain harmful materials including lead, mercury, cadmium, other heavy metals, and chemical flame retardants. When disposed of illegally, these chemicals can leach into the environment where they may affect human and environmental health.

Information on where these electronics can be recycled may be found on the Wisconsin Department of Natural Resources website: http://dnr.wi.gov/org/aw/wm/ecycle/
PUBLIC WORKS HIGHLIGHTS

In 2010, Fox Point and other North Shore communities have again joined forces to jointly bid some of the major construction projects (street repaving, sanitary sewer replacement, and water main construction). This is done in an effort to obtain more competitive bids on the projects with the hope of realizing cost savings for the taxpayers in each community. Last year, the Village received bids approximately 25 percent less than what was budgeted. The following projects are being undertaken this year:

**Water Projects.** Water mains on Fox Dale Road, Fox Dale Court, and Reynard Road are being replaced prior to resurfacing of these roads. A small segment of water main to connect Bridge and Barnett Lane water mains to create a complete loop will also be designed.

**Radio Read Meters.** The Fox Point Water Utility will be installing radio read heads on approximately 500 water meters this year. When completed, Village employees will be able to get the actual meter reading by driving by your home rather than entering your property.

**Street Projects.** Street repaving will occur on Fox Dale Road, Fox Dale Court, and Reynard Road.

**Sanitary Sewer Rehabilitation.** Fox Point is undertaking an infiltration and inflow (I&I) investigation of the sanitary sewers along and tributary to Beach Drive to determine the source of clear water that may be infiltrating into the sewers. Flow monitors have been placed in five different manholes and are being monitored over a five month period to obtain flow data during both wet and dry weather conditions. The flows will be compared to anticipated flows and potential sources of I&I will be identified.

The data obtained will also assist the Village in better sizing the replacement pumps in the two lift stations along Beach Drive. It is anticipated that the data will serve as a model for other areas of the Village that may have I&I issues.

**Stormwater Projects.** This summer, the Village will be rehabilitating the Beach Drive hill storm water ravine and replacing the pedestrian path adjacent to the road. The Village was successful in obtaining $75,000 in Federal funding to undertake this project. The project will include removing silt and sediment from existing catch basins and placing rip rap along the ravine channel. The placement of rip rap will work to reduce the velocity of stormwater flowing down the ravine.

The Village also will be rolling out a separate stormwater website as part of its NR216 public education and information requirement. The website was created by Communications students at Marquette University who performed the work as part of a class project. Look for a link to the website on the Village’s website in the near future.

**Geographic Information Systems.** In 2010, the Village is continuing with the implementation of a Geographic Information Systems (GIS) database. The consulting firm retained to perform this work will consolidate all Village-related data (utility locations, address maps, tax key numbers, etc.) into one central database. Expected to take between three-to-five years to finish, the data will be available to both Village employees and residents, once the project is completed.

**Bridge Improvements.** The work on the Santa Monica Bridge is finally winding down. In the spring, the end pedestals, which were not constructed properly, were removed by the contractor and replaced at no cost to the Village. It is expected that placement of the remaining end cap, sealing of the stonework, painting touch up, landscape work, and redoing the road striping will be completed in the next month.

**Village Hall Parking Lot.** This summer, the Village Hall parking lot is being replaced and the area between the parking lot and Santa Monica Blvd. is being removed so that a rain garden can be installed in that area. A portion of the cost of the rain garden will be paid for from a grant the Village was awarded last year from the Milwaukee Metropolitan Sewerage District.

RECYCLING TIPS

At its December 2009 Village Board meeting, the Village Board entered into a contract with Veolia Environmental Services to continue to provide recycling collection in the Village for the next five years. A flyer was sent out by Veolia earlier this year to residents that provides information on what items are acceptable for recycling. Residents can now recycle all plastics (No. 1 though 7 except Styrofoam). Also, materials no longer need to be separated for collection although paper products should be placed in brown paper bags and placed on top of all other materials in your recycling container.

Please call Veolia Waste Services at (262) 679-0860 should you have any comments, questions, or complaints regarding the recycling collection program. If you experience repeated problems, please contact Village Hall.

SPECIAL PICKUPS AVAILABLE

Fox Point residents can request a special pickup for items too large to be collected as part of the weekly garbage or yard waste collection. The special pickup fee is typically $75, which covers the cost of two Public Works employees and a garbage packer for a 15-minute period. If the special pickup takes longer than 15 minutes and includes unusually large items or requires extra equipment (i.e., all or large portions of a tree removed from the resident’s yard), the fee will be based on the actual amount of time it takes to pick up the material (including equipment time) and the cost to dispose of it at the landfill/recycling center.

WEST NILE VIRUS

The Village’s West Nile virus control program will be the same as in past years. Public Works crew members will place larvicide capsules in selected storm sewer catch basins and manholes.

Questions regarding the virus will be referred to the North Shore Health Department at (414) 371-2980.
**EMERALD ASH BORER UPDATE**

With the Emerald Ash Borer (EAB) being found in 2008 in Ozaukee and Washington Counties, it is anticipated that this little beetle will again make news this year. The Village has information on its website for residents who are interested in learning more.

In 2009 the Village contracted with Wachtel Tree Science to perform a Geographic Information Systems (GIS) street tree inventory of all public trees located in the Village right-of-way. This summer, Wachtel will inventory trees in the parks and other public properties. These efforts will provide the Village with critical information to refine its EAB readiness plan that was developed with other North Shore Communities in 2008. This data gathering is essential in being able to combat the EAB threat in a comprehensive and cost effective manner while preserving the beauty of the Village.

**FAIR HOUSING IN THE VILLAGE**

The Village of Fox Point is a Fair Housing Community with fair and equal access to housing in the Village regardless of sex, race, color, handicap, religion, national origin, sex or marital status of the person maintaining the household, lawful source of income, age or ancestry.

To report possible violations of this ordinance, please contact the Fair Housing Commission, in care of the Village Hall, 7200 N. Santa Monica Blvd., (414) 351-8900. A more detailed copy of the Village's Fair Housing Ordinance can be obtained at Village Hall. Questions and/or complaints may also be addressed to the U.S. Department of Housing and Urban Development at (414) 297-3214 ext. 8300, the State of Wisconsin Department of Workforce Development, Equal Rights Division, (414) 227-4384, or the Metropolitan Milwaukee Fair Housing Council at (414) 278-1240.

---

**Are you ready for Fall 2010 Elections?**

Making sure you are properly registered to vote prior to heading to the polls on Election Day, will help make the election process more efficient and more enjoyable. You can now check your voter registration status on-line at https://vpa.wi.gov. At this site, you can confirm that you are registered to vote and verify that your name and address are current. You can also view your voter history, determine your polling location, and view sample ballots. If your registration information is incorrect or out-of-date, please contact the Village Clerk at tomalley@vil.fox-point.wi.us or (414) 351-8900.

New voters, residents who have moved within Fox Point, and any voter who has changed his/her name will need to complete a Wisconsin Voter Registration Application. This form and information about registering to vote can be found on the Village’s website, www.vil.fox-point.wi.us, under Election Information.

If you intend to vote by absentee ballot and will need it mailed to you, you may request a ballot any time prior to 5:00 p.m. on the Thursday before Election Day. Absentee ballots can also be voted in the Clerk’s Office prior to 5:00 p.m. on the Monday before Election Day. Absentee Ballots are available approximately three weeks before Election Day. Further information about absentee ballots can be found on the Village’s website, www.vil.fox-point.wi.us, under Election Information.

If you have questions about voter registration, absentee ballots, or if you are interested in working at the polls, please contact the Village Clerk at tomalley@vil.fox-point.wi.us or (414) 351-8900.
MISSION STATEMENT

The mission of the Village of Fox Point is to protect and enhance the quality of life of its residents by providing cost-effective, efficient and innovative services, preserving and maintaining Village neighborhoods and public amenities, fostering community pride and spirit, and encouraging active citizen participation.

HAVE FUN AT THE POOL

Join your friends and neighbors at the Fox Point Pool this summer and enjoy one of the best values in Fox Point!

**ADULT (17 & OLDER):** $7.50/DAY

**CHILD (AGES 2 - 16):** $5.50/DAY

**CHILD (UNDER 2):** FREE

Season memberships also available.

Pool located immediately south of Village Hall.
